# Company Overview

**LongView International Technology Solutions, Inc.** (*LongView*) is a highly-qualified IT services and solutions provider for federal and commercial clients.

It is a Service-Disabled Veteran-Owned Small Business, holds a GSA IT Schedule 70, is an Eligible-Cleared Facility, and possesses a Sensitive Compartmented Information Facility (SCIF) that is used to support its Intelligence Community Partners and customers. LongView has offices in North Bethesda, MD; Falls Church, VA; Front Royal, VA; and Warrentown, VA.

LongView's customers include:

### Department of Homeland Security

- **DHS PACTS –** *a Department-wide $1.5 Billion ID/IQ for Program Management, Administrative, Clerical, and Technical Services. The services provided under PACTS will support DHS on a world-wide basis. LongView received two awards, which included Functional Categories 1 and 2, Program Management and Administrative Services.*
- **National Cyber Security Division –** *Providing Program Management support and Technical Engineering.*
- **US Citizenship & Immigration Services –** *Field Office Support.*
- **Federal Protective Service –** *Field Office Support.*

### Department of Defense, Military Health System (MHS)

- **Third Party Outpatient Collection System -** *Redesign, development, migration, and global deployment of the standard patient accounting system designed to assist military treatment facilities in the collection, tracking, and reporting of data required in the Third Party Collection Program outpatient billing process. Deployed to approximately 125 Army, Navy and Air Force sites worldwide.*
- **Defense Medical Human Resources System-Internet (DMHRSi) –** *Implementation and Training of an Oracle 11i based Enterprise Resource Planning solution that has been configured to support the MHS's Medical Treatment Facilities (MTF's). Deployed to over 300 sites and 170,000 users worldwide.*
- **MHS Learn –** *Portal development, systems integration, course content development, sustainment support and system administration support for MHS's centralized, web-based Learning Management System (LMS) which provides consistent and timely training to the military medical workforce worldwide.*
- **DHSS Information Assurance –** *Technical assistance in support of the Automated Information Systems/Network IA Program including technical reviews, resolution of security issues, monitoring the development and implementation of systems in accordance with DoD IA policy and standards.*

### Defense Contract Management Agency (DCMA)

- **Security -** *Comprehensive worldwide network endpoint IT security solution for data leakage prevention, asset discovery, encryption, malware protection, power management, vulnerability patches, and real time remediation at over 900 geographical locations.*

### U.S. Air Force

- **Air Force Medical Services (AFMS) –** *Providing Information Assurance support.*
